

Medaille College

Annual Fund

September 17, 2019

Mr. Evan G. Singletary
2899 Buffalo Rd
Rochester, NY 14624-1337

Dear Mr. Singletary,

2018-19 was the 50th anniversary of the College, and it was a huge success! Many of our alumni took a look back, shared stories and photos, and celebrated our history with us. In fact, our yearbook page on the website was a big hit! If you haven't had a chance yet, you might find your picture at <https://www.medaille.edu/yearbooks>.

As we welcome students back to campus for 2019-20, we're excited about the possibilities that await them, just as they awaited you when you started your own Medaille journey. And, thanks to the high quality education that the Annual Fund helps provide, our **students realize their dreams**, year in and year out.

Here are just a few examples of what gifts to the Annual Fund help us do:

- Prepare students to **become leaders in emerging fields** through innovative academic and co-curricular programs like our new MBA Project Management Concentration, our new BS in Applied Mathematics, and our new ESports Management major.
- Create a **robust, self-perpetuating community of teachers and learners** with new professional and lifelong learning programs available to not only Medaille alumni, but our entire community.
- Demonstrate to government and other funding agencies that **our Medaille community supports itself**. This has helped Medaille secure millions of dollars in grants to support our students.
- Provide more than 80 scholarships to make a Medaille **education more accessible than ever before**.
- Help build a new Sports Complex where the Mavericks can enjoy true **home field advantage** and compete at a championship level.

For 2019-2020, I invite you to join me in helping ensure the margin of excellence for our deserving students with a gift of \$100 or more to the Medaille College Annual Fund! Thank you for considering a gift.

As always, it's a great day to be a Maverick!

Dr. Kenneth M. Macur
